GENERATIVE AI EBS VISIONIQ: UNLOCK THE FULL POTENTIAL OF YOUR DATA

The Measurable Impact of AI

Adopting AI in enterprise systems delivers real, quantifiable benefits—driving revenue growth, enhancing decision-making, and improving scalability. Data shows:

- AI adoption leads to **10-15%** revenue growth through better decision-making and agility.
- **72%** of top organizations rely on AI and analytics for competitive advantage.
- AI platforms make scaling data solutions **50%** easier as business needs evolve.

The Data Crisis: 70% of Enterprise Data is Underutilized

Despite the value hidden in your data, much of it goes untapped (*studies show that as much as 70% is underutilized!*), costing your business missed opportunities and inefficient operations.

**EBS VisionIQ solves this problem.**

With Generative AI EBS VisionIQ, **your data becomes a strategic asset.** It empowers everyone—from C-suite executives to department leaders—with the real-time insights needed to drive smarter, data-backed decisions, boost operational performance, and maintain regulatory compliance.

The EBS VisionIQ DIfference

- Automate routine tasks, saving up to **30%** in time and reducing operational costs.
- Optimize efficiency, enabling organizations to make decisions up to **25%** faster.
- Provide actionable insights, improving productivity by up to **20%** and turning data into strategic growth opportunities.
- Enables organizations to realize ROI faster through secure, rapid **deployment in under a week**.

Visualize the Power of EBS VisionIQ

Deployment Requirements & Compatibility

EBS VisionIQ is designed for a fast, secure deployment with the following requirements and supported environments:

- **EBS Application:** 12.2.7+ (On-Prem & OCI)
- **EBS Database:** Oracle Database 19c & Oracle Database 23ai (coming soon)
- **Full Use License** required
- **APEX included in EBS Database** (On-Prem & OCI)
- **OCI Services:** Oracle Autonomous Database
- **LLM Service Options:**
  - **OCI:** OCI Gen AI & Cohere AI
  - **Third-Party AI Models:** OpenAI, Azure AI, Meta Llama

See Clearly, Act Confidently

Get a **complimentary software assessment** and discover how EBS VisionIQ can transform your Oracle EBS environment into a strategic asset. Our experts will analyze your Oracle EBS environment and create a tailored roadmap to help you unlock the full potential of your data with Generative AI-powered EBS VisionIQ.

ABOUT CENTROID

Headquartered in Troy, Michigan, Centroid is a provider of managed cloud services and enterprise workload consulting services across the major Hyperscalers. With expert resources throughout the United States, South America, and India for 24/7 support, the company employs roughly 450+ people. Centroid is recognized at the highest level of alliance relationship with Oracle for nearly 28+ years and is one of Oracle's leading cloud service providers in North America. In addition, Gartner has recognized Centroid in 2021, 2022, and 2023 in their Market Guide for Oracle Cloud Infrastructure Professional and Managed Services.
